Digital Learning Resources for Designated Teachers

Message from Jasmin Howell, Head of Nottingham City Virtual School:

The Virtual School have purchased an annual subscription to Anspears digital learning resources for professionals involved in the education of looked after children, the aim is to support our children's workforce with increased understanding of the issues, challenges and strategies to support the education and emotional development of children in care and vulnerable children in general.

I have set up specific library resources for different professionals (Social Workers, Designated Teachers, Designated Safeguarding Leads and carers) and each of these professional groups have a separate login to access the digital library and resources appropriate and relevant to them.

The attached information brochure includes a list of the resources and information available for Designated Teachers, and the login details to access the resources, it is free as we have funded this, so would be really grateful if you can promote this as wide as possible please.

Each event is open to all primary and secondary school teachers.

Our Summer term Open House will be held at Wollaton Hall, one the most beautiful Tudor mansions in the country.

It will be held on Wednesday 18th May from 4 until 6pm. Refreshments will be served.

Admission and parking is free but space is limited so booking is essential. To book your place, or for more information, please email us at schools.programmes@nottinghamcity.gov.uk or call us on 0115 8761420.
